Wellness Policy Addendum

Updated September 15, 2021

The Wilkinson County Wellness Policy identifies the principal or their designee to ensure each school complies with the policy as written.

At a minimum every 3 years (triennial assessment) will be completed measuring implementation of the policy by a committee made up of representatives from each school committee.

The Wilkinson County Board of Education will inform and update the public about the content and implementation of the local Wellness Policy on the district website.
